Tricia and Todd Sullivan sink their teeth into the first watermelon for the melon bust scheduled July 19 at Montanoso Recreation Center.
Aliso Viejo Company lauded by OC Lung Association

The Lung Association of Orange County has awarded Aliso Viejo Company a Clean Air Award in recognition of the developer's provisions for air quality control within its proposed planned community, Aliso Viejo.

The Clean Air Award is given to recognize activities by government agencies, private citizens or private industry that have made a significant contribution toward clean air. Criteria for the award, according to a Lung Association spokesperson, states that the action must extend beyond that which is required by law or regulation.

"Aliso Viejo Company's air quality control program was the best air quality analysis we've seen presented in southern Orange County," said the representative, adding that, according to the State Air Resources Board, Aliso Viejo's mitigation commitments went further than any other project's to date.

A sister firm of Mission Viejo Company and a subsidiary of Philip Morris Incorporated, Aliso Viejo Company is the developer of a proposed 6,623-acre planned community west of Mission Viejo and formerly known as the Moulton Ranch.

Control measures in the Aliso Viejo community plan will result in minimizing emissions produced by residential, industrial, commercial and recreation activities. The most effective measures include:

- A compact urban design to minimize internal travel distances to less than two miles.
- Industrial and commercial areas to provide a balance between employment and projected work force.
- A provision for 25 percent of the housing to be in the affordable price range.
- Extensive provisions for public transit, bicycle and pedestrian travel.

Aliso Viejo Company was the recipient of one of three such awards. This was the Lung Association's second annual Clean Air Awards program and was sponsored in conjunction with Clean Air Week.

SAVE WATER — Rancho Viejo Junior Women's Club has launched a water hotline in the Saddleback Valley. Residents who witness a broken sprinkler, leaking fire hydrant or any other water waste are urged to call the hotline.

RV Juniors launch water hotline in SV

If you see a broken sprinkler, leaking fire hydrant or any other water waste, the Rancho Viejo Junior Women's Club urges you to call 951-3704.

This water hotline, under the supervision of the club's Environmental Protection Committee, will have a tape recorder recording the details of the complaint. The call will then be forwarded to the appropriate authority for prompt attention.

New bus route added in MV

The Orange County Transit District Board of Directors recently approved a new Saddleback Valley bus route and increased service to the Dial-A-Ride system.

The new route, scheduled to go into effect on Sept. 9, concentrates on the new Mission Viejo Mall Route 185 Crown Valley, Aliso Viejo, Orange County, and Saddleback College and Mission Viejo Mall to the South County Civic Center in Laguna Niguel.

In addition, Dial-A-Ride service will be available on Sundays between 11 a.m. and 6 p.m. This marks the first Dial-A-Ride system to last Sunday service on an experimental basis.

The boundaries of the Saddleback Valley, San Juan Capistrano and city also will be expanded slightly to provide Dial-A-Ride service to newly developed adjacent areas.

Silverado Days

Old fashioned family festival fun will be the main attraction at the Silverado Days. The event, hosted by the Church of Latter Day Saints, will be held at Puerta Real and Marguerite Parkway on Thursday, Friday, and Saturday, July 19-21.

On Thursday and Friday the grounds will be open from 1 to 11 p.m. and Saturday from 10 a.m. to 11:30 p.m.

There will be continuous entertainment by The Borderline Bluegrass Band, Barbershop quartets, Billy Bardy plus a magician and pianist.

In addition, children may enjoy puppet shows, a parade, pony and stagecoach rides.

On Saturday the grand pageant will be equipped with horses, cowboys, Indians, soldiers and famous historical pioneer figures.

There is free admission into the festival which is planned to be reminiscent of small town bazaars and county fairs.

Visuals are: Silverado Days Lawman — Danny Reeds dons festival attire and a badge to be on the watch for the unruly outlaws at the three-day Silverado Days Festival in Mission Viejo.

July 4 in MV

Mission Viejo residents are invited to attend the 10th annual Fourth of July celebration at the Mission Viejo Golf Course.

Sponsored by the Mission Viejo Activities Committee, the picnic will feature musical entertainment, concession stands and a spectacular fireworks display.

The picnic grounds will open at 2 p.m. and close following the 8:30 p.m. fireworks display. For safety, personal fireworks and barbecues of any kind will not be allowed on the golf course.

'Splash-bash'

A "splash-bash and barbecue" will highlight the July activities of the Saddleback Valley Seniors Club.

The event, scheduled for July 17 at Sierra Recreation Center, will begin at 5 p.m. and feature swimming, a social hour (BYOB) and a barbecue. Beans, rolls, coffee and all supplies will be furnished. Persons are asked to bring their own meat and utensils.

Other July activities include the dine-out, scheduled for Wednesday, July 18 at 12:30 p.m. at the Irvine Prime Restaurant at the Newport Beach Golf Course. Seniors interested in playing golf may do so by calling the club for reservations.

Although there will be no general meeting during the summer the newsletter will continue and members are asked to look for it for details on the August dine-out and picnic.
**Education**

**Around the Home**

**OC, MAC must OK additions**

Recent zoning regulation revisions covering room additions to Mission Viejo homes have resulted in new permit processing procedures. The new regulations require that homeowners’ room addition plans be approved by the county’s building and safety department and the Mission Viejo Municipal Advisory Committee.

Under the new regulations, there are three steps homeowners must take to get approvals for a room addition:

1. Homeowners are required to file four copies of blueprints, or working drawings, with the county’s building and safety department.
2. The drawings must include a plot plan which show the position of the home and proposed addition of the owner’s lot indicating distances from property lines and a floor plan of the addition, a foundation.

(Continued on page 8)

**Man who Came to Dinner’ on Clemente stage**

San Clemente Community Theatre is culminating its 1979 season with the comedy, “The Man Who Came to Dinner.” Merritt Grimm directs the three-act play by Moss Hart and George S. Kaufman, which plays Thursday, Friday and Saturday nights through July 14.

The play takes place in the Stanley household, which is thrown into considerable turmoil when Sheridan Whiteside injures himself on their front doorstep and becomes an obstreperous and demanding houseguest.

Tickets are $4 for adults and $3 for students. The box office is open from 3 to 6 p.m. Monday through Wednesday and 3 to 8:30 p.m. Thursday through Saturday.

**Train your dog through MV rec center’s class**

A dog obedience class, covering the exercises recognized by the American Kennel Club, is being offered by the Mission Viejo Recreation Centers beginning July 9. According to the instructor Linda Heizman, the dog should be at least 6 months old and the trainer 13-years-old.

The $25 fee will cover all the novice exercises (figure eight, recall, sit-stay, down-stay, and stand for examination) and individual behavioral problems.

The 10-week class meets every Monday from 7:30 to 8:30 p.m. at Montanoso Recreation Center. A Rabies certificate must be brought to the first class.

**Picturepages’ is on library shelf**

“Picturepages,” a weekly publication for preschool children and their parents produced in conjunction with CBS Television’s Captain Kangaroo show, is available at the Mission Viejo Library.

In addition to lessons that are followed by children during the daily television show, “Picturepages” contains follow-up activity suggestions for parents to do with their children after the program.

**At My High School**

**FFA students flaunt their flocks**

**EUROPE BOUND** — Kelly Clarke, Karen Spalenka and Melanie Moreau, from left, are leaving for Sweden, Colombia and Switzerland, respectively, to participate in the American Field Service program. Other Mission Viejo High School students participating in the program are Beth Stamps, Latie Knowchemus and Jon De Freitas. DeDe Cheaup of Laguna Hills High was also selected.

**BEEFIN’ IT UP** — Students line up their steers and await the final results in one of the beef classes. This event was one of many during Mission Viejo High School’s Agriculture Department’s Field Day, which was designed to help students prepare for the Orange County Fair.

**EUROPE BOUND** — Kelly Clarke, Karen Spalenka and Melanie Moreau, from left, are leaving for Sweden, Colombia and Switzerland, respectively, to participate in the American Field Service program. Other Mission Viejo High School students participating in the program are Beth Stamps, Latie Knowchemus and Jon De Freitas. DeDe Cheaup of Laguna Hills High was also selected.

**LAMBS FOR MARKET** — Hop Estes, an instructor at Mount San Antonio College and judge of the livestock classes, demonstrates the proper way to show a lamb. Estes evaluated each student’s performance and explained the proper way to show the animal in each livestock class.

With her blonde hair, blue eyes and freckles, Tricia Cast has that all-American girl's softball diamond in the heart of Mission Viejo.

But Tricia, 12, pitches on a brighter diamond in a Hollywood television studio. Though she had never played baseball or acted professionally until this year, Tricia is now a star on the CBS television show, "The Bad News Bears." As Amanda, the tomboy pitcher (played by Tatum O'Neal in the movie), she leads a hapless team through the rigors of Little League.

Tricia speaks of her acting career with characteristic innocence. "I didn't know it would go this far," she said, "I just thought I'd try it out. What the heck." Tricia began acting three years ago in Saddleback College theater productions. With her father Richard, she appeared in "Cat on a Hot Tin Roof," "Six Characters in Search of an Author," and "Inherit the Wind." It was her starring role in "The Bad Seed" however, that caught the eye of Hollywood, and found her a Hollywood agent. Her agent offered a part in "Oh, God—II" but she thought it was too late, "but I had to turn it down. She will be busy all next year, pitching for the "Bad News Bears" every Saturday night.

"It's made a different kind of family life for us," said Richard Cast. "Either I'm up in Hollywood or my wife is, so we're just together much. And we have six other children to take care of. But everyone has been really thrilled by the whole thing."

The jump from the Saddleback College stage to a Hollywood set left Tricia wide-eyed and wondering at the workings of television.

"You hear the director and the lighting director and technicians call out so many things and then you watch them all happen," Tricia said. "It's just amazing." But with her natural aplomb, she quickly fit into the Hollywood set. Though acting seems to have come easily to the 12-year-old star, baseball has been more difficult to learn. In preparing for her diamond role, Tricia had to learn to pitch and hit fungoes like a Little League pro.

"I had to work a long time on getting the fungoes right," she said. About her pitching she added, "You can see the difference from the first show up to now. I'm getting better."

Working with a Little League team is not always easy, Tricia said, especially when strenuous scenes must be re-shot. "We had to do calisthenics one time," she said, "and I had to do pushups like I'd been doing them all my life. And I cannot do pushups. People keep messing it up, mainly me, and we had to keep shooting it over and I wound up doing about seventy pushups. My arms were really sore the next day."

But has success spoiled Tricia Cast? Seemingly not, but it has made her some-what of a celebrity around the neighborhood.

"I get a lot of stars," she said. "People have this image that I'm a real tough tomboy, like Amanda, but I'm not that much."

"Tricia herself is the show's biggest fan. "I never miss it," she said. "She admits, however, that she is not always pleased by her performance. "Sometimes I see it and wish we could shoot a scene over."

As for the future, Tricia is considering entering the movies someday. She was offered a part in "Oh, God—II!" but she had to turn it down. She will be busy all next year, pitching for the "Bad News Bears" every Saturday night.

Tips for 'sitters'
The Rancho Viejo Junior Women's Club will be conducting a babysitting seminar on Saturday, July 28 from 9 a.m. to 2 p.m. at the YMCA, 23131 Orange Avenue, El Toro.

The potential babysitter will receive tips on handling emergencies, feeding and changing babies' diapers and keeping the children entertained.

Guest speakers will include representatives from the fire and sheriff's department, a teacher, doctor and nurse. There is a $3 fee that will be collected at the door. Participants are asked to bring a sack lunch and drinks will be provided.

For further information call Diane Lee at 830-1905.

Diversity and the participation of a number of world class amateur athletes mark two major aquatic events scheduled during the next few weeks at Mission Viejo. Both events will be open to the public.

A number of the nation's divers will be taking part in one event, while canoe and kayak enthusiasts will be on hand for the second. Both activities will find Olympic competitors in action, as the country begins its finest amateur sports talent for the 1980 Olympic Games.

This month a water sport double-header is scheduled at Mission Viejo. Past and potential future Olympians will be speeding across the surface of Lake Mission Viejo, paddling for places in the upcoming World Canoeing Championship.

While kayaks and canoes are plying the waters of Lake Mission Viejo, world-class divers from Australia, Canada, Mexico and the United States are scheduled to be competing in a two-day event, Saturday and Sunday, July 14 and 15, at the International Swimming Complex, located just a short drive from the lake.

With her father live in a Hollywood apartment they to pitch and hit fungoes like a Little League pro. "I had to work a long time on getting the fungoes right," she said. About her pitching she added, "You can see the difference from the first show up to now. I'm getting better."

TEENING OFF — Practicing their golf swing are Grace Mohler, Marge Jones and Martha Lam, front, members of the new women's golf group, the "Tee-Offs." The group formed last month and is open to all women residing in Casta del Sol Club members play every Monday at their home course.
County, MAC must approve room additions

(Continued from page 4)

The committee checks the plans to ensure the addition will be consistent with the existing structure and compatible with adjoining residences.

The homeowner should obtain a signed statement from his neighbor which states his neighbor’s awareness of the planned addition or alteration. Homeowners may have their neighbor sign the plans and include their address to indicate this has been accomplished.

3. Once the MAC committee has approved the homeowner’s plans, they are sent back to the building and safety department where building permits are issued.

The entire permit process usually runs about four to five weeks. For more information, call the county’s department of building and safety at 831-2610.

In addition to these requirements, homeowners must file two copies of their plans with the appropriate Architectural Committee.

Under the community’s Covenants, Conditions and Restrictions (CCRs), the Architectural Committee is set up to review all exterior alterations or additions to homes in the community, including swimming pools, spas, patios and covers, fencing and landscaping based upon primarily aesthetic considerations.
