Chandler, Louganis capture top honors in dual diving meet

Greg Louganis won both the three- and ten-meter events and Jennifer Chandler captured the three-meter springboard event to pace the Mission Viejo Nadadores diving team past the Mexican National squad during the recently held dual diving meet at the Mission Viejo International Swim Complex.

Louganis' wide margin of victory in each event helped the Nadadores to score a 5,685-5,287 win. Louganis, Silver Medalist in the 1976 Montreal Olympics, accumulated 659.40 points in the three-meter competition and 605.60 in the ten-meter platform.

"Greg's scores were the highest I have seen in bonafide competition. He had an excellent day in both events," said Nadadores head diving coach Ron O'Brien.

Carlos Giron, holder of 17 Mexican national titles and silver medalist in the 1979 Pan American Games at 10 meters, was runner-up in both events with scores of 570.15 (three-meter) and 566.65 (10-meter).

Cesar Burgosing (557.60), Steve Ebarle (504.60) and Jesse Griffin (483.65) placed third through fifth, respectively, in the springboard competition.

Randy Abelman placed third with 318.20 points in platform diving. Chandler, 1976 Olympic Gold Medalist, tallied 424.40 points to oust teammate Meg Neyer, who had 411.00 points.

When 12-year-old John Lacorazza began teaching himself Chinese nine months ago, his parents and officials at Barcelona Hills Elementary School thought it was just a passing fancy. But the sixth-grader's interest in one of the world's most complex languages has not waned. The Mission Viejo youth is now able to speak conversationally with native Chinese, plus being able to write Chinese as well.

"I thought this interest would come and go like a lot of other things kids get involved in—but it hasn't," notes John's mother, Gail. "He spends almost all of his spare time either speaking or listening to Chinese on the telephone or at the (Long King) restaurant."

As Chinese is not exactly heard every day at banks, supermarkets or on the street, young Lacorazza found a place locally where Chinese is spoken: the Long King Restaurant on Marguerite Parkway. There he converses with cooks Jiang Si Ling and the restaurant's staff, and reads newspapers and magazines sent to Ling from mainland China.

John has also found a Chinese-speaking classmate, Phillip Wang, a sixth-grade student at Barcelona Hills, to sharpen up his pronunciation and expand his vocabulary.

"I once did a report on China in school and I'm a fan of Bruce Lee (the late kung fu expert)," notes John. "At first I was learning Japanese but I decided to concentrate on Chinese."

From books he quickly picked up the language, and within four months had his first conversation with Yu Jen Wei.

"John put down Chinese and I thought, 'well, he probably knows a few words and can write a few letters.' But now I know from listening to him speak with Phillip that he really knows the language," she said.

Although young Lacorazza said he has no plans in pursuing a career related to his language endeavors, he does want to become fluent.

"John explains his deep interest in Chinese does not stem from any one instance. The youth's family once belonged to a church that had a Chinese priest, and the Lacorazza family has often employed a Chinese gourmet chef."

MV youth has yen for language

Sung wins France trip
Mission Viejo resident Audrey Sung recently won first place in a countrywide competition as the top French-speaking student on the high school, junior college and university level. The competition was sponsored by Alliance Francaise, an international organization chapter based in Laguna Beach.

For her efforts, Miss Sung will be traveling to France for two months this summer. One month will be spent studying the language and culture, and the other for travel and sightseeing.

"I really have my French teacher, Mrs. Henderson, to thank for what's happening to me. She spent a lot of extra time teaching me how to write a speech in so short a time!"

After graduation, Miss Sung plans to attend UC-Berkeley to study international law.

Galicia, Andalusia models open
Mission Viejo Company recently celebrated the grand opening of furnished models for its two newest series of single-family homes.

The model complexes for Andalusia and Galicia—overlooking Lake Mission Viejo—are now open from 10 a.m. to 6 p.m. daily.

Ten models are on display, reflecting the luxury and spaciousness of Mission Viejo Company's newest home series, said Grant Sullivan, director of marketing.

“Each series features the most innovative architecture presented by Mission Viejo Company in its 16 years,” Sullivan said.

All Andalusia homes feature wood-burning, family room fireplaces, wet bars, wood-inlay counter tops, stained glass sidelights and mirrored wardrobe doors in master suites, solid oak balustrades and air conditioning.

“What sets Andalusia apart from other quality homes is spaciousness and luxury,” noted Sullivan. “Just a few highlights are greenhouse kitchen windows in the 'Puerta Vallarta' and 'Venecia,' a two-story glass atrium in the 'Encantada,' a sky-lighting kitchen in the 'La Casa Grande' and hand-carved, eight-foot-high mahogany entry doors in three plans.

“Another special feature is the proximity to beautiful Lake Mission Viejo. The homes are situated on hillsides in a water-oriented environment.”

Other luxury amenities included in Andalusia are formal dining areas, ceramic tile entries, car porting and attached two- or three-car garages with automatic door openers.

Kitchens feature built-in electric double ovens (upper microwave, lower self-cleaning with black glass doors), separate built-in convertible cooktops with barbecue grills and griddles, trash compactors, energy-saving nine-cycle washers and ceramic tile counter tops.

Models are located at 22991 Fomes. The homes were designed by the Newport Beach architectural firm of Richardson, Nagy and Martin.

The next sales opening is scheduled for July.

“Neighborhood five of Galicia has a very special location, right across the street from the Montanosa Recreation Center. It is surrounded by mature Mission Viejo neighborhoods and is in the Saddleback Valley Unified School District,” Sullivan pointed out.

“All levels of public schools are within walking distance,” he added.

Galicia homes have ceramic tile entry ways, cathedral ceilings and raised panel "Colonist" master bedroom doors. Other features include attached two- or three-car garages, shake or tile roofs and a choice of wood, stone or brick exteriors.

Sales office, located at 22085 Teresa, is open from 10 a.m. to 6 p.m. daily.

The next neighborhood of Galicia is tentatively scheduled to open in late July.
