Barcelona Homes Announced With Models Opening in May

Barcelona, one of Spain's most colorful cities, will be Mission Viejo's ninth and newest neighborhood. Barcelona Homes, a division of the Mission Viejo Company, has announced the opening of several models within the ninth and newest neighborhood, which will be located along Trabuco Road and Los Alisos Boulevard, near Seville Homes and Aliso Villas. More than 400 homes will be adapted to their hillside setting close to 26-acre Wilderness Glen regional park. Designed for young families, and reflecting "the need within the community for moderate-cost, single-family homes, Barcelona homes will be priced from $22,000 to $27,500," said Maddocks, marketing director of Mission Viejo Company.

"Construction will begin in early Spring," added Maddocks, "with completion of the first unit planned for mid-summer."

There will be four one and two-story plans available. Fourteen distinctive elevations will be featured in two-to-four bedroom designs with one and two baths. Rustic wood and stucco will be used in keeping with the architectural image of Mission Viejo community. Several of the homes will feature high vaulted ceilings in the living room, spacious walk-in closets in the master bedroom suite and separate kitchens with family rooms.

All the designs are patio-oriented with large rear yards. The two-story plan features a separate L-shaped kitchen with breakfast nook, and an optional master bedroom downstairs. Another innovative feature of this plan is the loft—a feature high vaulted ceilings in the living room, spacious walk-in closets in the master bedroom suite and separate kitchens with family rooms. Time To Enjoy Life is Feature Of Being Aliso Villa Homeowner

One of Aliso Villas first homeowners finds "the living is easy" in Mission Viejo's newest country home condominium neighborhood. Frank and Ronnie Husson, who owned their home in Torrance for 15 years before moving into a mobile home in Stanton three years ago, have discovered they are "really happy here with more freedom to do the many things we enjoy doing."

Mobile home living was "too confining with too many restrictions," said Mr. Husson. "We enjoy other interests and leisure time. Living here will allow us this time."

The couple enjoys square dancing and are members of a family club in Stanton, "The Jolly Misaar." They have also danced with Mission Viejo's "Ramblin' Rogues" group.

"It's good entertainment, excellent exercise and wholesome fun," he added.

Mr. Husson is past president of the club and now serves as its historian. His son-in-law, Lee Ruecker, who is also a Mission Viejo resident, is now president. As members of the group, the Hussons share in "mystery bus trips," which are either short journeys or for weekends. "And we can do our traveling without worrying about the yard now," said Mrs. Husson.

They also have other hobbies which occupy much of their time. Mrs. Husson is the creator of "monkey dolls" which she makes in her own designs from stockings. Her husband helps in stuffing these novelty toys which became popular gifts for Christmas throughout the community.

Photography is another of his hobbies, and he takes photos of club outings and activities.

Mr. Husson, who is an automobile and furniture upholsterer, hopes to start an upholstery shop in Mission Viejo when he can find a location. While in business in neighboring Laguna Niguel, he did the stairway of the Cinema Viejo Theatre, which opened one year ago in December.

Mrs. Husson is an engineering analyst with V. O'Donnell/Douglass in Huntington Beach.

The new owners of this two-story, "O" plan villa, have "exciting plans for it," said Mrs. Husson. "Frank is putting up shelves and doing woodwork to adapt to our needs."

Their home, which overlooks the recreation area and swimming pool from both their patio and bedroom, is the three-bedroom design. "We're really happy in it," they agreed.

The Husson's five children are married, and only one of Frank is no longer in California. He lives in Casper, Wyoming. Their two daughters, Mrs. Lee (Pat) Ruecker and Mrs. Walter (Denise) Axell are with Mission Viejo Company. Pat is sales administrator and Denise is in Mission Viejo Company's decorator center.

Sons Ronald and Wayne live in Torrance.

Madrid Homes' sales project manager and one of the first salesmen in the Mission Viejo community is Mission Viejo Company's "Salesman of the Month."

Ken Semsprote's 15 net sales totaled $607,005, making him the leader among his fellow salesmen.

His sales since he first began with Mission Viejo Company now exceed $18 million. He was named "Salesman of the Year" in 1968 for his outstanding record.

Formerly with Deane Brothers, Semsprote joined Mission Viejo Company in June, 1967. He was on the sales staff for Eldorado Homes until 1970, when he was named project manager of Grande Homes.

Upon completion of sales in that neighborhood, and the opening of New Madrid Homes, Semsprote was named project manager of the community's eighth neighborhood.

Semi-pro, a resident of La Paz Homes since 1966, was the third buyer in the community.

FUTURE PLANS - Mission Viejo Company's sales and marketing staff met recently at Mission Viejo Inn to preview new phases of planning in the community. Proposed sites, renderings and plans of the new Barcelona Homes and the exclusive adult housing neighborhood, were discussed by Dave Maddocks, marketing director, Don Schultz, general sales manager, and Ed Joyce, manager, product design, Mission Viejo Company.

Casta del Sol to be Community's Newest Concept in Adult Living

Marking its seventh year since initial development, Mission Viejo, America's most successful new town, will once again add another facet to the community with the addition of a new neighborhood designed exclusively for adult living.

The 92½-acre Casta del Sol neighborhood is being detailed for homeowners without children, and over 50 years of age, who enjoy active living in a totally-planned community. Future increments are also planned.

All homes in the 427-home neighborhood, which will be located across from the present Madrid model complex, have been carefully planned so that they offer exceptional views of Saddleback Mountain, from their setting on the hillsides and upper valleys east of picturesque Oso Creek.

On completion, the neighborhood is planned for June 1972.

The course will be a $500,000 recreational facility with meeting rooms and hobby center and will overlook an 18-hole executive golf course.

Klark Clark named President Of New Financial Unit

Roger Clark, director of Mission Viejo Company's Financial Services Division, was recently appointed president of MVC Financial Corporation.

The new mortgage banking subsidiary will provide all FHA and VA financing to homeowners in Mission Viejo Company's three communities - in California, Tempe, Arizona, and Aurora, Colorado.

Clark was vice president and controller with National First Mortgage Corporation and Brentwood Mortgage Corporation before joining Mission Viejo Company in 1970.

A third generation Californian, Clark is a graduate of U.C.L.A., where he received his bachelor of science degree in accounting. He is a member of the California Society of Certified Public Accountants and the American Institute of Certified Public Accountants.

Clark, his wife Nancy, and daughters Kelly, 4, and Danielle, 3, live in Yorba Linda.

Almost Villas Center - A private swimming pool, cabana and barbecue area for Aliso Villas homeowners was opened in time for the neighborhood's first occupants to enjoy.

Referral Program Contest Opens For Mission Viejo Residents

Mission Viejo's Blue Chip Stamp referral program, one of the most unique testimonial concepts of sales promotion, will be gaining new impetus, according to Don Schulz, general sales manager, Mission Viejo Company.

When a Mission Viejo resident refers a new homebuyer through this referral program, the resident is given 30,000 Blue Chip Stamps for his assistance.

Record Year for MV (Continued from page 1)

This month, Unit 9 of New Madrid Homes also will be opening offering view sites looking westward toward Oso Creek. More than 438 homes in New Madrid have been sold in the 10-month period since this neighborhood opened in February, 1971. These three to five-bedroom homes feature exquisite styling in master suite sitting rooms with fireplaces; private library-dens with optional bar; open-air deck areas; formal dining room; dramatic curving staircases and dining rooms centered by distinctive archway ceilings.

New Madrid Homes are priced from $32,995 to $43,995; with FHA, VA and conventional financing available.

In addition, the eighth and final unit of New Seville Homes will also open this month. Panoramic view of the hills to the west will be highlighted in the current unit of 46 homes. Seville Homes were introduced in May, 1970, and were the first homes in the community to feature the private garden-concept with walled patio areas.

Located in the northern portion of the community, New Seville Homes are adjacent to Werner's Glen, a regional park second nature retreat for family enjoyment. Giant sycamore and oak trees enhance the hiking paths, equestrian and bike trails, picnic and camping areas of the preserve.

More than 395 homes in the Seville area are now occupied of the 430-home neighborhood.

“We find each year that Mission Viejo is more than just a community of homes and immediate amenities. It is its way of life that attracts new homeowners,” said Reilly. “We feel that America’s most successful new town fulfills the all-encompassing needs of families today — and for the future.”

Veteran Financing Available at Villas

The availability of VA financing for Aliso Villas Country Home Condominiums was recently announced by Roger Clark, president of MVC Financial Corporation.

“We’re happy to be able to offer returning veterans this type of financing,” Clark said, “because they can move in with no down payment and minimal closing costs.”

Not all condominium programs have VA financing. With our prices starting as low as $17,700 and the new financing arrangement, many additional veterans can now qualify for home ownership at Mission Viejo,” he added.

FHA and conventional financing are also available, Clark said.

LA PAP Plaza is now a brighter and cleaner place to stroll and shop, thanks to the efforts of six volunteer students of Mission Viejo High School.

All members of the school’s Kwanas-sponsored Key Club, a campus service organization, the boys “washed, cleaned, scrubbed and scraped the plaza patio one recent Sunday morning,” according to a spokesman for Mission Viejo Company.

In appreciation for the services of these six youths, Mission Viejo Company has donated $100 to their organization.

The boys who volunteered were Clay Sisman, Jim Griffin, Doug Wyest, Frank Beghuis, Jerry Walton and Mark Hitchner.

LAKE SHORE VILLAS MODELS — The new luxury condominium apartments at The Lakes were recently opened to complete the fourth phase of development by Mission Viejo Company in the Tempe, Arizona, community. Photo below shows the arched clerestory windows in the living room of these waterfront homes.

Lakes’ Recreation, Shopping Areas to Begin Construction

LakeShore Village Shopping complex, planned for a more than 3½-acre site adjacent to The Lakes waterways, will include a number of specialty shops and restaurants within the central core of the community.

According to Dick Enroth, director of leasing for The Lakes, a drug store, market, beauty and barber shops as well as other service shops will also be offered in the complex.

A marine restaurant, planned for completion in mid-summer, will also be a feature of the area.

The Lakes Beach and Tennis Club, offering family recreation for homeowners in the community, is also planned for construction within the next few months.

Included in the plans for the $14-million club are a swimming pool, lighted tennis courts; basketball, volleyball and handball facilities; arts and crafts center, and health spa sauna and jacuzzi. Billiard and pool tables will also be offered in the main building facility.

In keeping with the design of Mission Viejo’s Marguerite Center, the Lakes family club will also offer outdoor playground areas for children, picnic tables and croquet.

BENTON IS FIRST FOR FIFTH TIME

Repetition may seem tiresome to most people, but for John Benton, it means being Mission Viejo Company’s top salesman at The Lakes. Benton has now been the community’s “number one” salesman five times since the opening of Lake Village Garden Homes in March, 1971.

His six net sales totalled $126,348 for the month. Benton has now surpassed $2 million for the eight-month period. Benton and his wife, Janice, are also homeowners at The Lakes, having recently purchased a Lake Village Garden Home.
