Arson eyed in boxcar blaze

Fire officials are not discounting the possibility of arson in a blaze that caused approximately $55,000 in damage to a boxcar loaded with paper products last Friday. The fire broke out in a train car parked near an underpass along El Toro Road. See page A4.

**NEWS**

**NEW SUPERVISORIAL CANDIDATE.** His name is Bseg Manning, and he is known nationwide as the co-author of the 1960s film "The Graduate." Manning is challenging incumbent Supervisor Alan Nestande for a seat in the third district. According to his spokesman, Manning's campaign will focus on issues such as tax reform and transportation. "Manning is a clear-cut, no-nonsense candidate," the spokesman said. "He brings a fresh perspective and a different approach to the office." The election is scheduled for the next Tuesday.

**LAUNTNE IMPRIS.** Saddleback Community College's Fine Arts Division is planning a series of events this semester. The events will feature a variety of performers, including bands and theater groups. Details are expected to be announced soon.

**BRENNER.CRASH.** Three separate motorcycle accidents occurred Sunday when warm weather brought out a large crowd of riders. Although there were no serious injuries, several motorcycles were damaged. Details are expected to be announced soon.

**Viewpoints**

**GUEST VIEW.** The writer discusses the importance of air quality in the region. "We must work together to reduce emissions and protect our environment," the writer said. "Our health and well-being depend on it." The article is expected to be published soon.

**Sheriff's substation funding earns board support**

By Laura Smith

Student Bryan Shepherd said that he hopes the new sheriff substation will help with the "looming problems" of drug use and violence. "We need a substation to help us keep the peace," he said.

The sheriff's substation is expected to be located near the proposed site of Alafia Park and High Springs Avenue. Temporary facilities have been set up near the proposed site to accommodate the new substation. The sheriff's office has received a $50,000 grant from the U.S. Department of Justice to help fund the substation.

**The shot heard 'round Mission Viejo**

By Peter Becht

Superintendent of Schools Richard O'Neill's controversial decision to run against incumbent Supervisor Nestande has sparked debate among the community. O'Neill's campaign statement called for "fairness and accountability." Nestande, however, criticized O'Neill's approach. "We need a leader who can work with others," Nestande said.

O'Neill's decision to run against Nestande has sparked heated discussion among the community. The election is scheduled for the next Tuesday.

**School trustees set to push ban on drug paraphernalia**

Saddleback Valley Unified School District trustees are expected to approve a resolution requesting county supervisiors to pass ordinances restricting the sale of paraphernalia. The resolution will be discussed at the next school board meeting on Tuesday.

LaBonte's condition improves

Student arraigned on reduced misdemeanor charges

Schreiber, school information officer, said he released this morning a $10,000 bail and set a trial date of April 26. 

LaBonte, Badmarsh Community College's law enforcement director, was arrested Friday in the badmarsh plaza on suspicion of battery after he was accused of causing injuries during his arrest. According to Schreiber, the incident involved a struggle over a possible drug possession.

The student, who was charged with battery, assault and battery, was released on $10,000 bail on Friday by Judge Ophelia Hurst. Schreiber said the student will be arraigned on March 14, the same day as his original arraignment.

Although the nature of the incident is not clear, Schreiber said it involved a possible drug possession. He said the student was released on $10,000 bail on Friday by Judge Ophelia Hurst. Schreiber said the student will be arraigned on March 14, the same day as his original arraignment.

Trustees implement parking fee policy

Students, faculty must pay to park this fall

By William H. Boyer

Students pay $10 per

quarter to park on

campus, while faculty

members and other

classified employees

pay $15 per quarter.

The Board of Trustees on

Monday night in favor of

a parking fee. In a 4-2

vote, the SCC Board

members voted to accept

the recommendations

of the vote committee.

The vote committee

recommendation included

a $10 per quarter fee

for students and $15

per quarter fee for

faculty and other

classified employees.

The fee would be

implemented for the

fall 1980 semester.

The fee would be

officially made into

policy the following

Monday night at the

Board’s previously

scheduled meeting.

The fee was formally

adopted policy of in-

cluding parking fee

on the board’s agenda.

This is the first time

in my years of

projecting for parking

fees, according to

Teen-agers face arson charges

It’s spring planting time Wednesday, March 12th through Sunday, March 16th. Exotic plants and flowers, garden supplies and plant specialists—ideally yours at Laguna Hills Mall. Just off the San Diego Freeway at El Toro Road.

A Mission Viejo man was booked for burglary after a wheelsnap truck was smashed at random, he said, in the parking lot of the Laguna Hills Physical Therapy Associates. The 18-year-old suspect had been traveling in a variety of locations, including San Mateo County, San Diego County, Orange County and Los Angeles County, according to the Laguna Hills Fire Department. The suspect was arrested by the general public on April 1, in San Mateo County. On Saturday, April 2, the suspect was arrested again after his Chevy pick-up truck was totaled.

Eric Krause, 18, was leaving a restaurant in Mission Viejo on Wednesday when he attempted to drive his truck westbound on Los Alisos Avenue. The truck was smashed and the suspect was arrested.

Four outstanding Baldwin Park Community College students were among 280 who were selected this week to compete for eight $2,500 Bank of America Principal's Awards for the 1979-1980 school year. The $2,500, $1,500 and $1,000 prizes in each of the academic categories are chosen to award exceptional students throughout California.

This year's Bank of America awards were $37,000 in total, $27,000 to community college students and $10,000 to University of California students. The same judging forms and criteria used at the final competition are used for the Bank of America awards.

Three categories are chosen to award recipients in each of the academic areas: social science, humanities and career-technical.

The recipients selected this week to compete in one of 10 regional semifinal judging were:

Humanities: Andrew Mazza, Connie Detling, Pam Miller, Kelly Armitage, Bruce Ventura, Paul T. Baker, Paul Ward, Robin Anderson, Leslie Chadwick, Mark Semonick and Andrew Mazza.

Scholarships are awarded to the $2,500, $1,500 and $1,000 top prizes in each of the three areas. All other participants are awarded certificates of recognition.

UC Irvine will offer film studies program

A special film studies degree, including courses in film and television history, criticism, production, and research, is being offered at UC Irvine this fall through the School of Drama, the Film Studies Program, and the Department of Radio, Television, and Film. The degree is designed to prepare students for careers in film and television, as well as for graduate study in the field.

The degree is designed to provide students with a strong foundation in the history, theory, and production of film and television, as well as an understanding of the economic and cultural contexts in which these media operate. Students will have the opportunity to take courses in film and television production, as well as courses in film and television history and theory.

The degree is designed to be flexible, allowing students to tailor their coursework to their specific interests and career goals. Students will have the opportunity to take courses in areas such as film and television criticism, film and television production, and film and television policy.

The degree is designed to be accessible to students from a wide range of backgrounds, including those with little or no prior experience in film and television. The program is designed to be flexible, allowing students to take courses on their own terms and at their own pace.

The degree is designed to be relevant to students' future careers. The program is designed to prepare students for careers in a variety of fields, including film and television production, film and television criticism, film and television policy, and film and television education.

For college degrees

Life experience counts

An atmosphere of joy marked the gathering of students who were awarded credit for the completion of a semester of hard work and a lifetime of learning experiences had been confirmed. The students, who were from the program "The Nature of Film," were honored in a special ceremony held on March 31.

The students were honored for their achievements in the program, which is designed to provide college credit for work experience. The program is intended for those who have completed a lifetime of learning experiences, and who wish to receive college credit for their work.

The students were honored at a special ceremony held on March 31, at which they were presented with diplomas and certificates of completion. The ceremony was held on the campus of the program, and was attended by the students, their families, and the program's faculty.

opinion. This holds true for both money and relationships by doing a little more than your share. Finances-bring bank balances up to date.

LIBRA: (Sept. 23 to Oct. 29) Good time to improve things and relationships could come into full bloom now. Some may even fall in love.

SCORPIO: (Oct. 23 to Nov. 22) Your intimate relationships may be rocky, but patience and work will bring resolution.

AQUARIUS: (Jan. 20 to Feb. 18) Be realistic about your goals and forge ahead. Avoid impulsive decisions.

PISCES: (Feb. 19 to March 20) Others feel your energy toward your goals and work hard to achieve them. Avoid procrastination.

School district slates

Jazzercise classes

The Saddleback Valley Unified School District, a large district in Southern California, offers a variety of Jazzercise classes for students. These classes incorporate music, dance, and exercise to promote physical fitness and teamwork. The district offers classes for different age groups, including children, teenagers, and adults.

Jazzercise classes are a great way for students to stay active and improve their physical health. They also provide a fun and social environment for students to interact with others who share their interests.

For more information about the Jazzercise classes offered by the Saddleback Valley Unified School District, visit their website or contact their office at 561-8726.

Energy Independence The United States is now trying to reign its energy independence. It is necessary for foreign countries to use our foreign powers. It is now a new era of the true market costs of energy. These have been said to be in balance. That makes it possible. But it is not clear that it could command the total energy market at a price that everyone can afford. These are the key to the energy problem.

Conservation of energy could provide the answer

Top tournament provides some 'pretty endings'

By Robert B. Rosewhich

Peter Mankoff of Glendale made his first appearance in a U.S. Bridge Congress. He teamed with World Champion John Newton of Glendale to finish third in the tournament.

Mankoff, who has won every previous National Intercollegiate team title, played his first game against the champion, a team from Harvard University. The final score was Harvard 201, Mankoff-Newton 199, and California 198.

The tournament was held at the Hotel Roosevelt in Hollywood.

Child abuse to be target

The National Exchange Club, the Exchange Club of Orange County, and the Exchange Club of Los Angeles have established the National Exchange Club Children's Abuse Project.

The project was announced at a press conference held at the Exchange Club of Orange County.

The purpose of the project is to help abused children and their families.

the wrong direction. Now I would like my freedom. What do you see in your mind when you say conversations at all?—Just a Number.

“Your freedom, it becomes possible to discuss a few of your traits, which can be turned in the other direction. You are an intelligent person, seen in the well-developed wedge on the left side of the letter g. Such misgivings might have been ungrounded. Nevertheless, the effect upon you was very real. You have available for the price of your freedom to puncture society, and yourself, to accept a common bond. And, you are easily influenced, seen in the rounded top on s, in common with deceit and wrongdoings. Almost four million state income tax returns have been opened in the past year in searches for tax fraud. Operations Chief Judge Gentes reported, "This is the highest error rate we have ever experienced." Gentes said. The department estimated that fraud on state income tax returns is to lose the freedom to puncture society, and yourself, unconsciously deceiving others, seen in the double loops on the right side of the letter g. This kind of freedom has come from the acceptance of truth, it has been said, many times and in many ways. "The truth will make you free," gave you freedom in love, in music, and to be. But being on the freedom to puncture society, and yourself, with deceit and wrongdoings, is to lose your freedom forever. Almost four million state income tax returns have been opened in the past year in searches for tax fraud. Operations Chief Judge Gentes reported, "This is the highest error rate we have ever experienced." Gentes said. The department estimated that fraud on state income tax returns is to lose the freedom to puncture society, and yourself, unconsciously deceiving others, seen in the double loops on the right side of the letter g. Signal to improve public radio KSBR's listener base. Station Manager Warren J. Deacon, recently announced KSBR will broadcast a new sound system—Western. "Our listeners is a program. We're happy to offer four channel programs to public radio listeners. All this looks very exciting," said Deacon.

This might include education programs for use in the classroom, special news and entertainment programs for hospitals and other institutions, as well as expanded services for the visually impaired, Deacon predicted that KSBR might become a telecommunication center for the disabled. "We have a wide variety of programs available for the hearing impaired," he said, "Other programs will also highlight the spring landscape." Bach to be featured in county performance. Works by Bach and Mozart will be performed in the concert. Featuring students from the Capistrano Valley High School, the performance will highlight a spring landscape.

Diablos lose title game in final two seconds

By Richard Paul

Thornton makes all-tournament team

The win, which ran the Diablos' season record to 33-0, was the Gauchos' 46th in a row at home. Against Santa Ana, Saddleback shot 49 percent for the tournament. As usual, a host of Gauchos hit in double figures. Ted Hettinga hit for 14 points for Saddleback and led by 8 center Kevin Magee's 31 points and 16 rebounds, Gauchos couldn't get the win. (Cont. on page 84)

Gauchos beat Dons in state JC playoffs

Saddleback College qualified for the state JC basketball championship tournament final eight with a 113-0 win over Santa Ana College last Saturday night in the Gauchos' 46th in a row at home. The win, which ran the Diablos' season record to 33-0, was the Gauchos' 46th in a row at home. Against Santa Ana, Saddleback shot 49 percent for the tournament. As usual, a host of Gauchos hit in double figures. Ted Hettinga hit for 14 points for Saddleback and led by 8 center Kevin Magee's 31 points and 16 rebounds, Gauchos couldn't get the win. (Cont. on page 84)
By John Doxas

Byron Barlow stormed in the seventh inning to give the Blue Hawks their first lead of the game. Barlow scored on a wild pitch to take the lead back to 2-1 and the Blue Hawks held on to win 2-1.

The Blue Hawks had the bases loaded in the seventh inning against the White Sox. Despite having the lead, the Blue Hawks were unable to score and the game ended in a 4-4 tie.

Byron Barlow led the Blue Hawks with a single and a run scored. He also had two RBIs for the game.

The game was played on a sunny day and the stands were packed with fans cheering on their favorite teams. The Blue Hawks and White Sox put on a great show and the fans were left feeling satisfied with the outcome.

Catch the next game this weekend and don't miss the excitement of live sports!

Turnips can be used in a variety of meals

By B. Francis Klein

Naturally, turnips are one of the vegetables that most people would turn up their noses at. Well, you're mistaken. Turnips are delicious when they are cooked, mashed and buttered. Just for a change, try it with a little cheese bake. Or unhusked chicken. They really are allright when they are mashed and spiced mixed in, really pretty good eating.

While we all agree that potatoes are high in sulfur, they do have that peculiar odor that most people would turn up their noses at. Well, you're mistaken. Turnips are of such lowly status that most people would turn up their noses at them. Turnips are one of the vegetables that are high in sulfur. That's why they are cooked, mashed and buttered. Just for a change, try it with a little cheese bake. Or unhusked chicken. They really are allright when they are mashed and spiced mixed in, really pretty good eating.

**King of the Traffic Jungle**

"It's a Jungle Out There" was a popular quote that circulating among drivers, especially those who commuted on freeways. The phrase, "It's a Jungle Out There," became a meme among drivers and encapsulated the intense and chaotic nature of driving on freeways. Drivers often found themselves navigating through dense traffic, dealing with unexpected stops and starts, and trying to maintain their focus amidst the constant motion. "It's a Jungle Out There" became a way for them to express the challenges and its amusement. Drivers would use it to denote the importance of staying alert and prepared for any situation, as the chaos and unpredictability of driving on freeways can quickly turn into a jungle-like experience.
